P Dichiara

D Ludvigson

M Van Asten

J Naumoska

J Hazle \*

\* Participation of Dr. John Hazle as a Director is pending while under review for conflict of interest by his employer, the MD Anderson Cancer Center, as disclosed in the Company's Prospectus.

#### **Principal activities**

During the year the principal continuing activities of the group consisted of research and development in the areas of:

Nanotechnology;

Biotechnology;

Cancer Diagnostics; and

Superparamagnetic Relaxometry.

#### **Review of operations**

Revenue and Other Income comprised interest income, sales of nanoparticles, a government grant and adjustments to the valuation of a derivative financial instrument. The Company markets nanoparticles to customers through its website and expects to continue to do so, though revenue from this activity is not material. A grant from the state of New Mexico of \$109,000 is a one-time revenue item and the net effect of adjustments to a derivative financial instrument of \$128,000 is non-recurring as the loan associated with this item has been retired.

Total expenses of \$4.2 million were slightly less than projections. Legal, accounting and other expenses related to the Company's IPO, which were non-recurring exceeded projections while R&D expenditures were less than projections.

In the first half of 2017, the Company raised \$2.7 million in a stock offering to retire existing debt, \$3.5 million in a separate stock offering to fund operations and \$12 million in an Initial Public Offering to fund operations and to prepare the Company's technology for human trials.

#### Significant changes in the state of affairs

Imagion Biosystems Limited was listed on the Australian Stock Exchange (ASX) on 22 June 2017, following a successful capital raising of \$12 million in funds.

Management is executing its plan to bring Imagion's technology to human trials. Recently announced was an agreement with Starfish Medical as the first step toward designing the Company's human version of the detection instrument and build prototypes for clinical use.

There were no other significant changes in the state of affairs of the consolidated entity during the financial half-year.

2

#### Likely developments and expected results of operations

Management expects spending to remain constant in future periods except for contracts and collaborations agreements to advance our progress toward human trials. These agreements would include, manufacturing or our formulated nanoparticle, design and prototype production of our instrument, clinical consultants among other things.

#### Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 4.

This report is made in accordance with a resolution of directors.

#### Auditor's Responsibility

Sh IBUOSIA Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 30 June 2017 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Imagion Biosystems Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations act 2001*, which has been given to the directors of Imagion Biosystems Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.
